... based on unique capability for continuous Innovation delivery

- Widely recognised team of 200+ food and agronomy scientist and engineers
- Unparalleled network of Application Labs, Academies, Chefs and Ambassadors
- Long term Discover Programs for Differentiation and Sustainability
- Open Innovation Partnerships with Network of more than 30 global knowledge institutes
- Over 6,000 recipes to cater for a broad range of individual customer needs
Maintaining cost leadership through our key initiatives

- Continuously improving our operational and cost efficiency by:
  - upgrading our technology / better capacity utilization
  - optimizing product flows, logistics and inventory management
  - reducing our energy consumption and lowering fixed costs

- “Dedicated factory” approach: each one of our 50 factories has a clear focus and a particular role within our production network, resulting in:
  - Economies of scale
  - Specialist know-how

- Manufacturing costs per tonne reduced 3% for FY 2011/12 on LFL basis (target: 2%)

- Numerous cost saving initiatives:
  - One+,
  - efforts to reduce energy consumption,
  - initiatives to save costs through the value chain in Europe and Americas
Sustainable Cocoa
Increased investments to secure sufficient cocoa supply and to improve farmer livelihoods

Supporting the core of Barry Callebaut’s strategy

- Supports further chocolate growth
- Strengthens current / future outsourcing & partnership agreements
- Boost sales volume in fast growing emerging markets by 65% to almost one-third of Group sales volume
- Becoming a pro-active market player in the fast growing cocoa powder market
- Adds Asia as a strong cocoa sourcing base next to West Africa
Established on March 18, 1994 as a continuation as well as amalgamation of two business entities (U.D. Prakarsa Jaya Abadi and P.T. Prakarsa Jaya Adycitra which were established in 1988).
The head quarter, factory and the main warehouses located in Makassar, branch offices in Palu and Kolaka, while the unit offices spread out in Polman, Bantaeng, Selayar, Palopo, Wotu, Parigi, Kasimbar, Ladongi, Maumere and through strategic partnerships in Jakarta, Surabaya, Maluku and Papua. These domestic networking are the backbone of the Company supply lines while overseas marketing channels, among others, through direct selling to the end user and the agency relationship.

Today, our business has been focused on two main commodities, cocoa beans and cashew kernels. We have the system in place to ensure our produce and products are safe, consistent and meet our each individual customer requirements. As our motto “OUR QUALITY IS OUR PRIDE” the company is also supported by its certification, namely HACCP, ISO 22000, “Halal”, Kosher and Pareve and our business foundation oriented to trustworthiness, professionalism and integrity.

Our Company has been one of the leading company in Indonesia who export cashew kernels and cocoa beans. We are exporting our produce and product to Europe, Australia, USA, El Salvador, Tunis, Japan, Korea, Taiwan, China, Singapore and Malaysia.
The company also completely realized that the achievement in a long-term must be accompanied by the village community development, therefore the company nurtured and developed cashew cutter group of partner in the areas of development.

As the industrial world grow so does our company, we determined to develop and expand our business in paddy farm, cattle fattening and breeding, fishery industry, luxury Hotel & Villas and property. We will continue growing and create our business as the time goes by.
Barry Callebaut – A strong emphasis on Region Asia-Pacific
Cocoa powder demand driven by Asia-Pacific, followed by other emerging markets

Higher demand for product categories containing cocoa powder:
- **Cocoa Powder**: 2-5% CAGR (11-16F)
- **Liquor**: 1-2%
- **Butter**: 1-2%

Cocoa Powder demand driven by emerging markets:
- **Asia-Pacific**: 5-9%
- **South America**: 3-8%
- **EU**: 2-4%
- **North America**: 0-3%

Annual growth in volume ('000 MT)

Total market size ~960,000 mt

Source: Customer interviews, Sunflower Project market size, Euromonitor.
Cocoa market Indonesia – Increased grinding capacities and some challenges

- Indonesia is the third largest cocoa producer in the world
- Total crop: around 450,000 tonnes
- Current processing capacity: around 350,000 tonnes
- Introduction of a cocoa bean export tax to encourage local grinding

Challenges:
- Supply of beans
- Competing crops
- Quality

Total world harvest (12/13): 3’966’500 MT
P.T. BARRY CALLEBAUT COMEXTRA INDONESIA AT A GLANCE
P.T. Barry Callebaut Comextra Indonesia
State-of-the-art cocoa factory in Makassar – Some facts & figures

- Total (grinding) capacity: 30 tonnes of beans / year
- Total amount invested: USD 33 million

The Open Market continues to grow in share

* BC estimates.
Barry Callebaut at a glance

Gourmet – strong focus on growth acceleration

- Gourmet & Specialty business represents 10% of our total sales, but stronger EBIT contribution
- Highly fragmented market with different segments (Bakery, HORECA, Confectioners)
- Two global premium brands Callebaut® and Cacao Barry® with long heritage
- Push & Pull strategy (direct sales force, Chocolate Academies, Ambassadors’s club, Demonstrations, Fairs, etc.)
- Approx 24% estimated market share worldwide
- Mostly operated through distributors
West Africa is the world’s largest cocoa producer – BC sources locally

Total world harvest (12/13): 3’966’500 MT

- About 70% of total cocoa beans come from West Africa
- BC processed ~603,000 tonnes of cocoa beans or 15% of total world harvest
- 69% sourced directly from farmers, cooperatives & local trade houses
- BC has various cocoa processing facilities in origin countries*, in Europe and in the USA
